

Developing Enterprise-wide Measures for Tracking Acquisition Performance

- 1 Section 804 of the Defense Appropriations Act
 - n Improvement of Software Acquisition Processes
- 1 Program Requirements
 - n Shall include, among other things: “Efforts to develop appropriate metrics for performance measurement and continual process improvement.”
- 1 Many organizations within DoD have developed measures for tracking various aspects of acquisition performance relevant to their mission
- 1 DoD does not have a standard, comprehensive set of measures for managing the development of its portfolio of software intensive systems
- 1 The SEI assisted one acquisition organization in developing measures to track their performance
